

REQUEST TO TERMINATE THE CONNECTION AGREEMENT - DISMANTLING OF THE DELIVERY POINT

I, the undersigned, as owner/proprietor of the installation/other (please clarify), with DPEIC No. ..., at No. ..., St., Municipality of, declare that I request termination and wish to **cancel the relevant Connection Agreement and dismantle the Delivery Point** in accordance with the Natural Gas Distribution Network Management Code as in force.

Request category - Acceptance of terms:

- ☐ This request is being submitted for reasons not due to the Operator's fault after construction work on the Outdoor Installation commences and before it is completed. In this case the Operator shall charge the cost of the installation which has been implemented and the cost of dismantling it.
- ☐ This request is being submitted on grounds not due to the Operator's fault after completion of construction work on the Outdoor Installation (installation of a metering device). The Operator shall withhold 100% of the Connection Fees and/or the Extension Fees, where they have been paid, or shall charge 100% of the Connection Fees and/or the Extension Fees, where they have not been paid in advance. Moreover, the Operator shall charge the cost of dismantling the Outdoor Installation.

I was informed that this step will be completed by signing the Natural Gas Connection Agreement Termination Form and that the Distribution Company reserves the right to claim the financial cost it incurs in accordance with the provisions of the Natural Gas Distribution Network Management Code and the terms of the Gas Distribution Network Connection Agreement.
