ANNOUNCEMENT

Patra: Scheduled construction works for the development of the natural gas distribution network

Enaon EDA, Hellenic Gas Distribution Company, subsidiary of Enaon, announces that construction works for the development of the natural gas distribution network in the city of Patras will be carried out from **Monday, July 20 to Monday, August 3, 2026**, on the following streets:

- **Athinon Street** (from the intersection with Agias Sofias Street to Kyprou Street),
- **Solomou Street** (from the intersection with Archbishop Ierotheou Street to Papaflessa Street).

Due to the execution of these works, part of the traffic lane on the above-mentioned streets will remain temporarily closed. As a result, temporary traffic arrangements and restrictions on vehicle circulation will be implemented in certain sections of the affected roads.

These construction works form part of the development of the natural gas distribution network in Patras, a major infrastructure project that upgrades the city's energy profile and delivers tangible benefits to residents and businesses, including reduced energy costs and enhanced environmental protection.

The project for the development of the natural gas distribution network in Patras is co-financed by company funds and resources from the NSRF 2021–2027 through the Operational Programme of Western Greece.
